Re: Sedimentation Ponds, Genwall Coal Company, Inc., Crandall Canyon
Mine

Dear Mr. Smith:

This office has completed its review of those documents transmitted December 22, 1980 relating to the above mentioned dams. The data is not clear but it appears as though the ponds are small and would not threaten life or property. Approval is granted for their construction, conditioned upon the approval of other agencies.

Sincerely,

Dee C. Hansen, P.E.
State Engineer
